

## **Nursing Student Orientation for Using the TCPS OrientPro<sup>SM</sup>** **AY AY2013-2013J4 – For Distribution to Students**

Our school has clinical assignments at a facility that is a member of the Tennessee Clinical Placement System Partnership. TCPS<sup>SM</sup> OrientPro represents the work of many entities toward streamlining the orientation process for students and faculty. Using online technology, much of the orientation content previously provided during facility orientation is now available online at any time of the day or night. This integration of technology into practice provides more flexibility for all individuals – students, faculty, and clinical facility educators! There are three steps:

**Step 1. General Orientation** All partner clinical facilities have agreed to require students and faculty to complete a standardized general orientation program once per calendar year in keeping with the requirements for all healthcare professionals. **Students who complete general orientation in the fall term are not required to repeat it during subsequent terms during the academic year. Check with your instructor if you have questions about this policy.**

Orientation content may be accessed at: <http://tcps-tn.org/students.html>. You should choose the version for **Nursing Students**. You will need the following CONTENT login information. **Access information is case specific.**

**Content Username = clinicalTN**  
**Content Password = 2013orient**

Please note the technical requirements link on the left and verify your computer is set up to access the content. There are 5 content modules: Emergency Preparedness, Safety, Diversity, Confidentiality & Compliance, and Infection Control. The content is presented via interactive screens or as a handout that may be downloaded and read based upon your own preferred learning style.

To validate your mastery of the General Orientation content, you will complete an online quiz over the content in the 5 modules. Additional instructions for the quiz will be available online when you are ready to take the quiz. Be sure and print/read these instructions carefully to ensure that you complete this step correctly! Failure to not follow these instructions will result in the need to repeat the quiz!

**Record your Quiz Username & Password here for future reference:**

**Quiz USERNAME:** \_\_\_\_\_ (it is strongly recommended that you use your initials and the last 5 digits of your Social Security Number as your username.)

**Quiz PASSWORD:** \_\_\_\_\_

The final component of General Orientation is an evaluation to collect your feedback on the process and presentation.
