

## Student Guidelines during COVID-19 Pandemic

1. Students will only be accepted from programs in which there is a signed, current agreement in place.
2. Student placement for all healthcare professionals and other groups will begin on or after June 1, 2020
3. **In order to preserve PPE**, students will not be assigned to COVID unit(s) or to any known COVID positive patient or known COVID suspect patient; students may be on units where there are COVID cohorts
  - a. Academic partners understand that patient status and placement are fluid
  - b. Exception may be emergency situations with SRNAs
  - c. Students may continue in operative services or OB-GYN rotations. However, at the current time, healthcare professional students, other than SRNAs, will not be in ORs, procedural areas, or in deliveries
4. Students and faculty will be expected to follow MLH policies while in the clinical setting
  - a. Students and faculty will be screened daily, consistent with the MLH policy
  - b. MLH will provide appropriate PPE
  - c. Wear PPE as per MLH policy
    - i. On the hospital campus, must wear a medical grade mask
    - ii. Other PPE as appropriate to the patient situation
  - d. Maintain social distancing of six feet even with facemask
  - e. For students or faculty, if have symptoms
    - i. Stay home and self-isolate
    - ii. Students to notify clinical preceptor or faculty member, who in turn will notify the designated facility contact
    - iii. If a faculty has symptoms, report to the designated facility contact
5. Students and faculty will be expected to show evidence of a negative COVID test (PCR) that is performed no more than 72 hours before starting clinical session
6. Students and faculty will agree, outside the clinical areas, to wear a mask in public, socially distance, and not participate in any social groups
7. Clinical experiences may be terminated at any time based on triggers related to the COVID-19 situation
8. Guidelines will be reviewed every 2 weeks to assess for any needed revision(s)
9. Guidelines may change at any time due to the fluctuating situation related to the COVID-19 pandemic
