

PEDIATRIC ANESTHESIOLOGISTS P. A.

Respiratory Guidelines for Scheduling Elective Surgeries & Procedures under Anesthesia

The following are guidelines for outpatient surgical procedures at Le Bonheur and Le Bonheur East Surgery Center

1. Upper Respiratory Infection – can be scheduled two weeks after diagnosis
2. Croup – can be scheduled four weeks after diagnosis
3. RSV Bronchiolitis, Pneumonia, & Influenza – can be scheduled four weeks after diagnosis

If you have any questions about scheduling a case, please call one of the Anesthesia Nurse Practitioners at (901) 671-6303 or (901) 671-7323, Monday – Friday, 0700 - 1630
