EAP Stays The Same, Yet A Change Is Coming

In this electronic publication we've often talked about change, and all the angst change can bring. Well, the EAP is about to embark on a **change** in our own office. Julia James, EAP Corporate Director, is retiring after a 29 year career at Methodist Le Bonheur Healthcare. The great news is that the EAP staff remains the **same** and will continue to provide the service we are known for: *helping people work through life's challenges.*

Please join us in celebrating

Julia's Retirement
